SELF DESCRIPTION

I am a graduate of the Bachelor's degree in Information Systems with experience in the field of IT Web Development and Full-Stack Web Development for approximately 2 years. I have previously worked as a web developer during a research project with professors and the IT Web Development team to develop a website at Buana Perjuangan University. I have also volunteered as part of the IT team for COVID-19 vaccination in Karawang Regency and interned for 1 year as a Full-Stack Web Development intern in the Certified Student Internship Program (PMMB) and Talented Generation Internship Program (MAGENTA) at a state-owned enterprise (BUMN). As a result of these experiences, I have obtained BNSP certification in web development.

EXPERIENCE
