## SELF DESCRIPTION

---

I graduated with a Bachelor of Information Systems degree and have experience in IT Web Development and Full-Stack Web Development. I previously worked as a web developer on a research project at Buana Perjuangan University, collaborating with professors and the IT Web Development team to create websites. In addition, I volunteered for the COVID-19 vaccination IT team in Karawang Regency and completed a 1 year internship at Full-Stack Web Development through the Certified Student Internship Program (PMMB) and the Talented Generation Internship Program (MAGENTA) in a country. Owned Enterprises. (BUMN). From that experience I obtained a BNSP certification in the field of web development.
